

Amendments to the Specification

On page 3 of the specification, delete lines 29 and 30, which begin with: “- fig. 2 is a schematic top view...” and insert therefor:

- figs. 2 and 3 are schematic top views of further embodiments of the transport rollers according to the present invention.
- Figs. 4 and 5 are partly cut away perspective views of further embodiments of the present invention showing alternative feed conveyors.

On page 5 of the specification, delete the sentence on line 5, starting with: “A variant (not shown)...” and insert therefor:

Variants of the feed conveyor 2 include a conveyor belt 100 (Fig. 1), a roller track 102 (Fig. 4), or a water channel 101 (Fig. 5).
